

Fall 2004 Plant Biology Seminar Series

Fridays, 11:30 am in Foran Hall, room 138A

Date	Speaker & Title	Host
Sept. 10	No seminar scheduled.	
Sept. 17	<p>Dr. Bingru Huang Department of Plant Biology & Pathology, Rutgers University http://aesop.rutgers.edu/~plantbiopath/faculty/huang/huang.html</p> <p>Mechanism of turfgrass tolerance to heat and drought stress</p>	Dr. White
Sept. 24	<p>Dr. Joseph Heckman Department of Plant Biology & Pathology, Rutgers University http://aesop.rutgers.edu/~plantbiopath/faculty/heckman/heckman.html</p> <p>International and historic roots of organic farming</p>	Dr. Heckman
Oct. 1	<p>Dr. Ian Chivers Native Plants, Inc.</p> <p>The selection and development of Australian native grasses for turf and amenity uses</p>	Dr. Clarke
Oct. 1	<p>**Special Seminar** **1:30 pm Marine & Coastal Sciences Bldg, Auditorium** Dr. Stephen Zeisel Department of Nutrition and Department of Pediatrics, University of North Carolina School of Medicine</p> <p>Candidate: Executive Dean of Agriculture and Natural Resources</p>	
Oct. 7	<p>**Special Seminar, Thursday** **1:30 pm, Cook Campus Center, Multipurpose Room B&C** Dr. Polly Roy Department of Infectious and Tropical Diseases, London School of Hygiene and Tropical Medicine and Department of Medicine, University of Alabama at Birmingham</p> <p>Candidate: Executive Dean of Agriculture and Natural Resources</p>	
Oct. 8		
Oct. 15	<p>**Special Seminar** **1:30 pm, Cook Campus Center, Multipurpose Room B&C** Dr. Robert Goodman Plant Pathology, University of Wisconsin-Madison</p> <p>Candidate: Executive Dean of Agriculture and Natural Resources</p>	

Oct. 22		
Oct. 29	Dr. Peter Nagy University of Kentucky Yeast as a model host to study plant virus replication and host factors	Dr. Tumer
Nov. 5	Dr. Ricardo Cesped Department of Plant Biology & Pathology, Rutgers University Physiological responses of the American cranberry (<i>Vaccinium macrocarpon</i>) to drought stress	Dr. Huang
Nov. 12	Dr. Gladis Zinati Department of Plant Biology & Pathology, Rutgers University Nutrient and water management in nursery operations	Dr. White
Nov. 19		Dr.
Nov. 26	Thanksgiving Recess	
Dec. 3		Dr.

If you would like to schedule time with one of the seminar speakers, please contact their host.

Fall classes begin Wed., Sept. 1.
Thanksgiving Recess Nov. 25-Nov. 28.
Fall classes end Mon., Dec. 13.
