

Fall 2006 Plant Biology Seminar Series

Fridays, 12:35 pm in Foran Hall, room 138A

Date	Speaker & Title	Host
Sept. 15	Dr. A.J. Both , Dept. of Plant Biology & Pathology, Rutgers University Title: Promoting controlled environment agriculture through research and outreach	Dr. White
Sept. 22	No seminar scheduled	
Sept. 29	Dr. Fernando Vega , Insect Biocontrol Lab, USDA, Beltsville Title: Endophyte-insect interactions	Dr. Gianfagna
Oct. 6	Dr. Dick Monaghan , Founder of Monatay Enterprises LLC Title: Natural Product Research: Patents for Patients – past successes and new opportunities	Dr. Bennet
Oct. 13	TBA	
Oct. 20	Jill E. Cooper, Ph.D. Science Department, Rutgers Preparatory School Title: René Dubos and soil microbiology in early antibiotics history	Dr. Heckman
Oct. 27	Dr. Nirit Bernstein , Institute of Soil Water and Environmental Science, Volcani Center, Israel Title: Maize leaf growth inhibition under salt-stress: spatial and temporal considerations of cell expansion	Dr. Zilinskas
Nov. 3	TBA	
Nov. 10	TBA	
Nov. 17	Dr. Di Rong , Dept. of Plant Biology & Pathology, Rutgers University Title: Interactions between pokeweed antiviral protein and ribosomal protein L3	Dr. Tumer
Nov. 24	Thanksgiving Recess – No speaker scheduled	
Dec. 1	Dr. Stacy Bonos , Dept. of Plant Biology & Pathology, Rutgers University Title: TBA	Dr. White
Dec. 8	Dr. Ajay Pratap Singh , Dept. of Plant Biology & Pathology, Rutgers University Title: Method development and validation from pharmaceutical powder to pharmacokinetics	Dr. Vorsa

If you would like to schedule time with one of the seminar speakers, please contact the host.

Fall classes begin Tues., Sept 5.

Thanksgiving Recess Nov. 23-26.

Fall classes end Wed., Dec 13.
