

Spring 2006 Plant Biology Seminar Series

Fridays, 12:35 pm in Foran Hall, room 138A

Date	Speaker & Title	Host
Jan. 27	Dr. John Dighton , Rutgers University, Director of the Pinelands Research Station Title: Patchiness and time: Dynamics of soil nutrient availability	Dr. Struwe
Feb. 3	Dr. Michael Balick , The New York Botanical Garden Title: Ancient wisdom and modern medicine: Plants, people, and cultures in the tropical rainforest	Dr. Struwe
Feb. 8 *2:15-3:30*	Dr. Stuart Davies , Smithsonian Tropical Research Institute Title: TBA ***NOTE DATE & TIME CHANGE***	Dr. Struwe
Feb. 17	Dr. Jun Wen , Smithsonian Institution Title: Evolution of biogeographic disjunctions between Eastern Asia and North America in plants	Dr. Struwe
Feb. 24	Dr. Joan W. Bennett , Dept. of Cell and Molecular Biology, Tulane University Title: TBA	Dr. White
Mar. 3	Dr. Amy Litt , CUNY, The New York Botanical Garden Title: The evolution of plant development: Genomic and candidate gene approaches	Dr. Struwe
Mar. 10	Dr. Vitaly Citovsky , SUNY Stonybrook Title: Partners-in-infection: Host proteins involved in genetic transformation of plant cells by <i>Agrobacterium</i>	Dr. Maliga
Mar. 17	Spring Recess – No speaker scheduled	
Mar. 24	Dr. Xing-Wang Deng , Yale University Title: TBA	
Mar. 31	Dr. Maureen Hanson , Dept. of Plant Biology, Cornell University Title: TBA	Dr. Maliga
Apr. 7	Dr. Robert Fischer , Dept. of Plant and Microbial Biology, U.C. Berkeley Title: Regulation of gene imprinting in <i>Arabidopsis</i>	Dr. Messing
Apr. 14	Dr. Ian Small , Evry Plant Genomics Lab, INRA France Title: TBA	Dr. Kerstetter
Apr. 21	Dr. Scott Poethig , Dept. of Biology, University of Pennsylvania Title: Regulation of developmental timing in plants by miRNAs and trans-acting siRNAs	Dr. Kerstetter
Apr. 28	Speaker – TBA	

If you would like to schedule time with one of the seminar speakers, please contact their host.

Spring classes begin Tues., Jan. 17.

Spring Recess Mar. 11-Mar. 19.

Spring classes end Mon., May 1.
